Customized Packaging Solution

Double Chamber Vacuum Packaging Machine

Technical Specification

Model	NT-10
Vacuum Chamber Size	740 x 550 x 95 mm
Sealing Length	680mm
No. of Sealing	Bar Two (Per Chamber)
Distance	435mm (Between Two Sealing Bar)
Sealing Width	5mm
Power	890w (220v Ac/440v Ac)
Vacuum Pump	350 LPM
Electrical Construction	Digital Electronics Control
Body Construction	All Stainless Steel
Viewing Product	Aluminium & Transparent Acrylic to observe the process
Machine Size	16000 x 850 x 710 mm
Packing Cycle	1 to 6 cycle/ min. (depends on product)
