## Single Chamber Vacuum Packaging Machine

### Technical Specification

Model	NT-10
Vacuum Chamber Size	590 x 550 x 100 mm
Sealing Length	500mm
Sealing Width	5mm
Distance	430mm (Between Two Sealing Bar)
Power	750w (220v Ac/440v Ac)
Vacuum Pump	250 LPM
Electrical Construction	Digital Electronics Control
Body Construction	All Stainless Steel
Viewing Product	Aluminium & Transparent Acrylic to observe the process
Machine Size	880 x 880 x 620 mm
Packing Cycle	2 to 3 cycle/ min. (depends on product)
