Box Stretch Wrapping Machine

Technical Specification

Particular	Description
Dimension (L x W x H)	1372 x 762 x 1830mm
Carton Size	558 x 558 x 558mm (Max.)
Carton Weight	50 Kgs. (Max.)
Wrapping Rate	20 to 70 Carton/hour
Power Consumption	1 Kw
Power Supply	220v AC.

Features :

- ◆ Robust Construction
- ◆ Controllable Cycle Time
- ◆ Safety Features Incorporated
- ◆ Indigenous Design
- ◆ User Friendly
- ◆ Low Power Consumption
- ◆ Variable Speed
- ◆ Easy Manipulation of load to provide bi-directional wrapping

Benefits :

- ◆ Protection From Dusts, Moisture and Foreign Particle Give Stability to the Packing.
- ◆ Easy and fast handling.
- ◆ Economical mode of packing.
- ◆ Prevent telescoping of rolls.
- ◆ Save cost of maintenance.
- ◆ Attractive packing for printed boxes, Better identification.
