Continuous Band Sealer

Technical Specification

Continuous Band Sealer (Horizontal)

Model	FR-770
Power Supply	650 (220v AC)
Sealing Speed	0 to 12 mm/min.
Sealing Width	Sealing Width 8 to 10mm
Temperature	Temperature range 0 to 300 C
Conveyor Size	840 X 153 mm/td >
Convayer Loading	3 Kg.
Dimension	840 x 380 x 320 (mm)

Constant temperature Control And temperature Is Adjustable, Features Step less Speed Regulation, Distance From The Sealing center To the Conveying table Should Be 1 mm to 40 mm
